

Smartmail:

Home Screen:

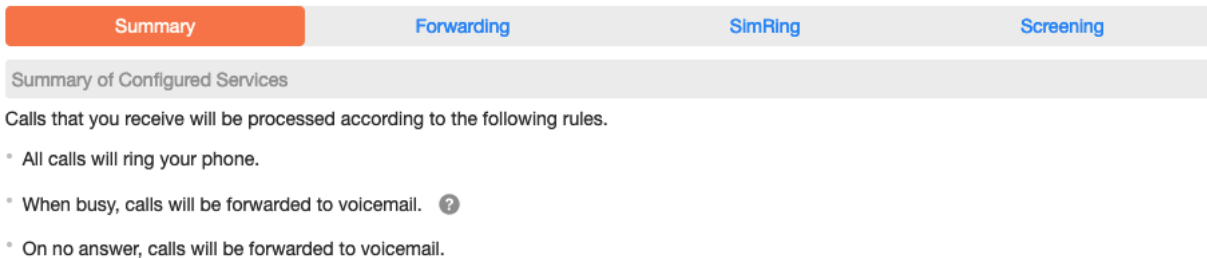

Provides information on your phone status and your services. At the bottom of the screen you have three columns: Personal Details, Security and Support.

Phone Status (Call Manager)

Summary tab – provides a description of how calls you receive will be handled, taking into account the settings for all of your incoming call services and any interactions between them.

Phone Status

Forwarding tab – Forwarding services that you are subscribed to.

Immediate – calls are forwarded as soon as you receive them.

Phone Status

Summary Forwarding SimRing Screening

Immediately Busy/No Answer Forwarding Destinations

Apply Cancel

Forward calls immediately.

Forward calls to:

Hint: Use the Forwarding Destinations tab to add numbers that you frequently forward calls to.

Ring my phone once when a call is forwarded? Yes No

Busy – Calls are forwarded whenever your line is busy. If you have multiple (twinned) devices then this service only applies if all of your devices are busy (or reject the call).

No Answer – Calls are forwarded if you do not answer your phone within a certain time.

Phone Status

Summary Forwarding SimRing Screening

Immediately Busy/No Answer Forwarding Destinations

Apply Cancel

Use same call forwarding configuration for both services.

Forward calls when no answer

Forward calls if you do not answer.

Forward calls to:

Hint: Use the Forwarding Destinations tab to add numbers that you frequently forward calls to.

Forward unanswered call after seconds.

Forward calls when busy

Forward calls if your line is busy. ?

Forward calls to:

Hint: Use the Forwarding Destinations tab to add numbers that you frequently forward calls to.

The forwarding tab also provides access to your *Forwarding Destinations*. These are numbers that you regularly forward calls to, and that you preconfigure for ease of use.

Phone Status

Summary Forwarding SimRing Screening

Immediately Busy/No Answer Forwarding Destinations

Clear List Apply Cancel

Manage your forwarding destinations.

Welcome to Forwarding Destinations

Add numbers that you frequently forward calls to.

To begin, enter a memorable name and phone number into the fields opposite.

New Destination

Forwarding destinations allow you to configure where your forwarding services route to by name rather than number.

Destination:

Number:

Add Clear

SimRing – When enabled, this service redirects calls that you receive to multiple destinations simultaneously. Any of the destinations can pick up the call, at which point all the others stop ringing.

Phone Status

The screenshot shows the 'Phone Status' settings page with the 'SimRing' tab selected. At the top, there are four tabs: 'Summary', 'Forwarding', 'SimRing' (highlighted in orange), and 'Screening'. Below the tabs, there is a 'SimRing' header, a 'Clear List' button, and 'Apply' and 'Cancel' buttons. A checkbox is checked, indicating that SimRing allows incoming calls to simultaneously ring a number of phone numbers. Below this, there is a table with columns 'Destination', 'Description', and 'New SimRing Number'. The table is currently empty, with the text 'You have no SimRing numbers.' displayed. To the right of the table, there are input fields for 'Destination:', 'Description:', and 'New SimRing Number'. There is also a 'Permit Forwarding' section with radio buttons for 'Yes' and 'No' (selected). At the bottom of the form, there are 'Add' and 'Clear' buttons.

Screening – allows you to reject calls

Do not Disturb – When do not disturb is enabled your phone will not ring. Callers will either be forwarded to another number or hear an announcement that you do not wish to be disturbed, depending on your other call service settings.

Phone Status

The screenshot shows the 'Phone Status' settings page with the 'Screening' tab selected. At the top, there are four tabs: 'Summary', 'Forwarding', 'SimRing', and 'Screening' (highlighted in orange). Below the tabs, there is a 'Do Not Disturb' header, and sub-tabs for 'Do Not Disturb', 'Selective Rejection', and 'Anonymous Rejection'. The 'Do Not Disturb' sub-tab is selected. There are 'Apply' and 'Cancel' buttons. A checkbox is checked, indicating that all calls are rejected immediately. Below this, there is a question 'Ring my phone once when a call is rejected?' with radio buttons for 'Yes' and 'No' (selected).

Selective call rejection – When enabled, this service rejects calls from specific callers. Rejected callers hear an announcement telling them that you do not wish to take their call.

Phone Status

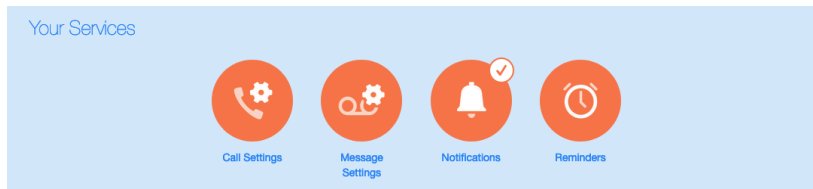

The screenshot shows the 'Phone Status' settings page with the 'Screening' tab selected. At the top, there are four tabs: 'Summary', 'Forwarding', 'SimRing', and 'Screening' (highlighted in orange). Below the tabs, there is a 'Do Not Disturb' header, and sub-tabs for 'Do Not Disturb', 'Selective Rejection', and 'Anonymous Rejection'. The 'Selective Rejection' sub-tab is selected. There are 'Apply' and 'Cancel' buttons. A checkbox is checked, indicating that calls are rejected if they are from selected callers. Below this, there is a 'Call To Reject' header and a text area for entering numbers to reject.

Anonymous rejection – When enabled, this service rejects calls from callers who withhold their caller ID. Rejected callers hear an announcement telling them that you do not wish to take their call.

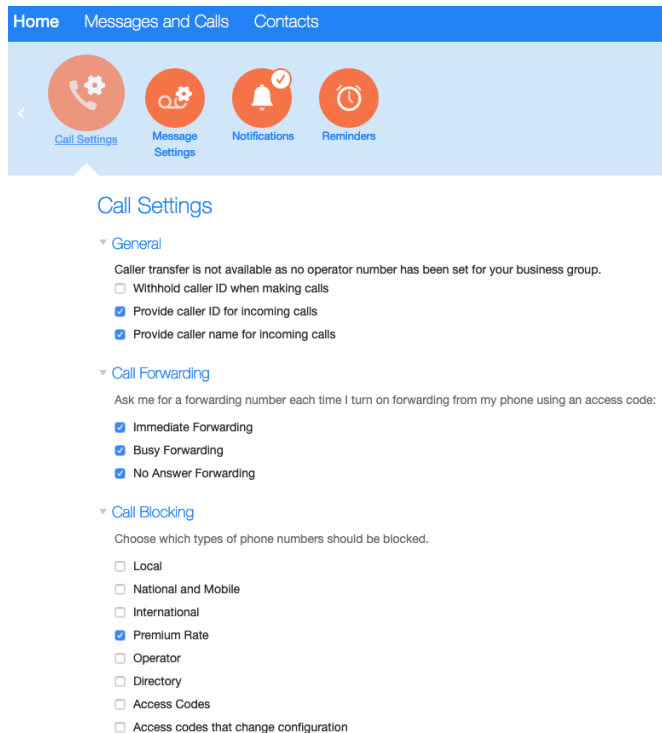

Phone Status

Your Services: Provides a summary of your services.

Call Settings – Provides General options for caller ID, Call forwarding options and the ability to block outbound call types.

Message Settings – Allows you forward messages to email, adjust time before going to voicemail, voicemail access and greetings.

The screenshot shows the 'Message Settings' page. At the top, there is a navigation bar with 'Home', 'Messages and Calls', and 'Contacts'. A user profile '221TestLine' is visible in the top right. Below the navigation bar are four circular icons: 'Call Settings', 'Message Settings' (which is highlighted), 'Notifications', and 'Reminders'. The main content area is titled 'Message Settings' and includes an 'Apply' and 'Cancel' button. The settings are organized into sections: 'General' (with a 'Forward messages as emails' checkbox and a 'Forward to:' field), 'Mailbox Access' (with checkboxes for 'Skip PIN', 'Fast Login', and 'Auto-play voicemail'), and 'Voicemail Greeting' (with a dropdown menu and 'edit' link, and a 'more options' section with three checkboxes for different greeting scenarios).

Notifications – Allows you to adjust notifications for voicemail.

The screenshot shows the 'Notifications' page. The navigation bar and user profile are the same as in the previous screenshot. The 'Notifications' icon is highlighted in the top menu. The main content area is titled 'Notifications' and includes 'Clear List' and 'New Entry' buttons, along with 'Apply' and 'Cancel' buttons. The 'Message Waiting Indicator' section has a checked checkbox for 'Send phone notification of incoming messages to the following phone numbers'. Below this is a table with columns for 'Phone Number', 'Urgent Voicemail', and 'All Voicemail'. One row is visible with the phone number '(360) 221 3458', 'Urgent Voicemail' set to 'Off', and 'All Voicemail' set to 'On'.

Reminders – Allows you to scheduled reminder calls for this line.

The screenshot shows the 'Reminders' page. The navigation bar and user profile are the same. The 'Reminders' icon is highlighted in the top menu. The main content area is titled 'Reminders' and includes 'Clear List' and 'New Reminder' buttons, along with 'Apply' and 'Cancel' buttons. There is a checked checkbox for 'Enable reminder calls for this line.'. Below this is a table with columns for 'Description', 'Occurs', and 'Time'. The text 'You have no reminders.' is displayed below the table.
